FACTS ABOUT VICE CITY

History

Does anyone really care about the history of Vice City? Probably not. Today it's a city run by dealers and weasels. Expensive suits, flashy cars and beautiful women are the accessories of millionaires that spend their afternoons in the shade, determining the fate of Vice City's less fortunate and waging war on rival drug barons.

Climate

Vice City's warm weather may be the only reason anyone would have dreamed of inhabiting the place at all. The weather is generally hot and sunny all year round with occasional showers and thunderstorms.

Government and Politics

File photo of Congressman and Mrs. Shrub in happier times.

Congressman Alex Shrub is the Republican representative for Vice City and a figure to watch in the right wing world of Vice City politics. Hailed by many as the golden boy, Shrub promises solutions to difficult problems and charms everyone. But the gossip mill has him labeled as a drunken leech, who doesn't care about anything apart from how to seduce the nearest intern, or where the next scotch is coming from. Who knows who to believe.

There is a strong military presence in Vice City with Fort Baxter Air Base located close to the airport.

Economy

Vice City's economy relies heavily on tourism and the black market. There is a lot of money floating around Vice City (some of it real, some not), much of it changes hands in large quantities and moves pretty quickly, flowing rapidly through the hands of those who know how to spend it.

Religion

In Vice City money is God. Even local TV and radio superstar evangelist Pastor Richards will offer you guaranteed entry to heaven for the right price. Make a donation and you will be saved.

Population and People

The population of Vice City is approximately 1.8 million inhabitants. Many of its inhabitants are foreign born, the rest are inbred - a large proportion are Cubans, Haitians, rednecks and retirees.

GETTING AROUND

**Car rental?**
Don't bother.

It has been said that Vice City is a city of sun, fun, fast cars and beautiful women. It's definitely the place to be if you love flashy sportscars, especially if you're not paying...

See one you'll look cool in? Even better if the color matches your outfit, press F key and put your foot down (W key).

**Need to feel the wind**
in your hair?

You may want to learn a few tricks to impress whoever may be watching.

Vice City prides itself on its clean beautiful sparkling blue waterways – enjoy them! Boats are a great way to get around.

**NAPALM FOR
YOUR SKIN**

**FIGHTING THE WAR
AGAINST PERSPIRATION**

Sunshine Autos

**The seaplane**

Seaplane is a great way to see the city and make any urgent deliveries you need done quickly. Tours leave from the docks regularly, not that most people seem to bother with a schedule.

**Helicopter**

Make an entrance. Arrive in style. In case you've never flown one before and need a crash course, it's worth remembering the basics:

W key: Ascend

S key: Descend

4 & 5 keys: Rotation

Escobar International Airport is situated on the southwest side of town next to Fort Baxter Air Base and is easily reachable by road, although you will have to pass through Little Havana to get there.

Want to go for a stroll along the beach? Or don't want to crush your suit getting into a low sportscar? Press and hold Shift key to run faster – but watch the sweat on that suit. Fitness is a fad, and though you may not be into a full-on workout tape with legwarmers, a bit of training not only keeps you slim but also builds your stamina.

FACTS FOR THE VISITOR

When To Go

You'll want to time this according to when 'business' is booming, although there isn't really any such thing as a 'quiet period' in Vice City.

What To Bring

You will see many people in bathing suits, the smaller the better, but these are really only for the beautiful people of Vice City. Generally you can't go wrong with a smooth suit (light colors are good – blues, pinks, neutrals).

Maps

You will find a useful map included with this guide.

Legal Matters

Always befriend a lawyer. In Vice City this is truer than ever, in fact this should be the first thing you do.

The Police

The police in Vice City are tough and aren't afraid of calling for backup, before you know it a minor infringement can escalate into a full-blown showdown.

Documents

Don't ever travel with real ID.

Customs & Immigration

Due to Vice City's infamous popularity with smugglers, customs officers are known to be thorough in their searches! ... the best advice is don't get caught.

Insurance

All businesses need protection. You never know what kind of 'accidents' can happen. Remember, insurance is always money well spent.

Crime

Tourists are a prime target for carjackings and highway robberies. Carjackings are common in Vice City and tourists should use caution at all times.

Personal Safety

Always carry a weapon (Left mouse button to fire) Remember, you can only pack one weapon of each type at a time (one meleé weapon, one handgun, etc). Press Tab to replace your current selection with the new one, extra ammo will transfer right over.

Money

Carry a lot of it, always cash, it looks good. Besides that, you'll need it as there is plenty to spend your money on in Vice City. You can never have too many clothes, cars, mansions, or places to hide out.

Hospitals

Hospitals are located throughout the city:

- Downtown
- Vice Point
- Ocean Beach
- Little Havana

Doing Business

When you arrive in town, no matter how experienced you are, you will need to make connections and schmooze to get your foot in the door. We suggest you go out, meet people, party with the right crowd to get to know what's going on in town.

Extra Work

Everyone has a quiet spell or has a job go bad and needs to make a bit of cash quick to see you through. Vice City is full of opportunities to make an extra buck or two.

AREAS OF INTEREST

Little Haiti, unsurprisingly, is the center of Haitian life in Vice City. If you don't speak much Creole you may need a phrase book, but it's well worth the trip, especially to visit Auntie Poulet for a bit of voodoo and gumbo.

Phil Cassidy's hang out is also located nearby.

Fancy a romantic stroll? A place you can make sure you aren't being followed? Need a great setting for a dramatic showdown? Or just want to take in the sunset, top up your tan or do a bit of bodybuilding?...head to the beach.

Shark attacks off Vice City happen a few times a year and there are more sharks out there than you would like to think - best advice: stay out of the water!

Cruising down Ocean Drive is a serious night out in Vice City. The strip's neon hotels and bars are full of Vice City's young and beautiful. Models, actors, tourists, dealers and millionaires, all out having a good time. During the day roller skaters line the beach front and bikini clad beauties stroll along the sand and fill the cafés.

The Cuban influence is strong throughout the city, but is particularly prevalent in the area that has come to be known as Little Havana. Spanish is the predominant language here and the majority of the inhabitants are of course Cuban exiles. We highly recommend that if you visit the neighborhood, you take the time to visit Café Robina.

Home of Vice City's rich and powerful.

Vice City's skyline is, like most of Vice City, misleadingly beautiful. At night the buildings are illuminated and give an enticing illusion of glittering perfection.

Vice Port is located to the south of the city.

PLACES TO STAY

Hotels

Vice City has a variety of hotels, some more welcoming than others. Top of our recommended list is the Ocean View Hotel, which is comfortable but discreet. A good place to stay when you first arrive in town.

ENTERTAINMENT & NIGHTLIFE

*The Malibu**Bars and Clubs*

The Malibu club is Vice City's hottest night club. Door policy is strict, drinks are expensive, the women are beautiful.

Located in Vice Point.

*The Greasy Chopper*

The Greasy Chopper is the place you want to be if you're feeling up for a flight or screaming through Vice City on two wheels. Definitely a spot to hit for an exciting night out, but we recommend you wait for an invitation.

Regular Mitch Baker doesn't take kindly to strangers just wandering in off the street.

Located Downtown.

*Cafe Robina**Restaurants*

Cafe Robina serves the best, most authentic rice and beans north of Havana. Make sure you stop in for coffee if you're in the area.

Located in Little Havana.

*Pole Position**Strip Joints*

Vice City's favorite daughters, packed to the gills with silicone. But no touching.

Located in Ocean Beach.

*Hyman Memorial Stadium**The Arena*

Catch a show or enter the competitions.

Upcoming Events:

- Blood Ring Destruction Derby
- Dirt Ring Obstacle Course
- Hot Ring Stock Racing

Located Downtown.

*The Dirtbike Track**Dirtbikes*

Feed your inner redneck.

Located on Ocean Beach and in north Downtown.

*Leaf Links Golf**Golf*

Jack old rich dudes for their golf carts. Yeah, that's right, we said it. They can afford new ones.

Located in Vice Point.

*Vice City Racers**Street Racing*

Street racing is popular in Vice City. Locations and participants change frequently but you can usually find them posted on a noticeboard at Sunshine Autos.

SHOPPING

AMMU-NATION

Still the best place in town to get what you need to exercise your constitutional right to carry a lethal weapon.

Ammu-nation locations around Vice City:

- North Point Mall
- Ocean Beach
- Downtown

If you are looking for more heavy-duty weaponry (and don't need retail customer service), visit Phil Cassidy's warehouse north of Little Haiti.

The North Point Mall

Rammed with every conceivable opportunity for a bit of retail therapy.

D.I.Y.? Use your imagination. Get yourself some equipment and put it to good use.

Rafael's

Sharp suits, smooth threads, prepare yourself for a night out in Vice City, you need to look good.

The latest in surgical technology can now be used to reshape your face! It's called Plastic Surgery. Check out /Grand Theft Auto: Vice City/Skins in your install directory. The 'Skins' should be 24-bit, 256x256 pixel BMP files. As a starting point to creating your new face, have a look at the default skin provided. Note the way the sections of the skin map to different parts of your body. Also keep in mind that the skin is duplicated across the vertical symmetry of your face, and in fact your whole body! So we only need to design one half. When you've got the new, less incriminating you perfectly designed, hit save, go back to Vice City, and select yourself from the Options menu. Keep in mind that your alter-ego will work with the Street Clothes outfit only, and remember... LOOKS ARE EVERYTHING!

This LIMITED SOFTWARE WARRANTY AND LICENSE AGREEMENT (this "Agreement"), and other special provisions, is a legal agreement between You (either an individual or an entity) and Take-Two Interactive Software, Inc. (collectively, the "Owner") regarding this software product and the materials contained therein and related thereto. Your act of installing and/or otherwise using the software constitutes Your agreement to be bound by the terms of this Agreement. If You do not agree to the terms of this Agreement, promptly return the software packaging and the accompanying materials (including any hardware, manuals, other written packaging) to the place You obtained them, along with your receipt, for a full refund.

Grant of Limited Non-Exclusive License. This Agreement permits You to use only one (1) copy of the software program(s) (the "Software") included in this package for your personal use on a single home or portable computer. The Software is in "use" on a computer when it is loaded into temporary memory (i.e., RAM) or installed into the permanent memory (e.g., hard disk, CD-ROM, or other storage device) of that computer. Installation on a network server is strictly prohibited. This license is not a sale of the original Software or any copy.

Intellectual Property Ownership. Owner retains all right, title and interest in this Software and the accompanying manual(s), packaging and other written materials (collectively, the "Accompanying Materials"), including, but not limited to, all copyrights, trademarks, trade secrets, trade names, proprietary rights, patents, files, computer codes, audiovisual effects, themes, characters, character names, stories, dialog, settings, artwork, sounds effects, musical works, and moral rights. The Software and Accompanying Materials are protected by United States copyright law and applicable copyright laws and treaties throughout the world. All rights are reserved. The Software and Accompanying Materials may not be copied, reproduced or distributed in any manner or medium, in whole or in part, without prior written consent from Owner. Any persons copying, reproducing or distributing all or any portion of the Software or Accompanying Materials, in any manner or medium, will be willfully violating the copyright laws and may be subject to civil and criminal penalties. Be advised that Copyright violations are subject to penalties of up to \$100,000 per violation.

Software Backup or Archiving. After You install the Software into the permanent memory of a computer, You may keep and use the original disk(s) and/or CD-ROM (the "Storage Media") only for backup or archival purposes.

Restrictions. Other than as provided specifically in this Agreement, You are not permitted to copy or otherwise reproduce the Software or Accompanying Materials; modify or prepare derivative copies based on the Software or Accompanying Materials; distribute copies of the Software or Accompanying Materials by sale, transfer of ownership or otherwise, rent, lease, or lend the Software or Accompanying Materials or to display the Software or Accompanying Materials publicly. You are expressly prohibited from transmitting the Software or Accompanying Materials electronically or otherwise over the Internet or through any other media or to any other party. You are expressly prohibited from selling or using any characters or other components of the game for any purpose. You are expressly prohibited from selling or otherwise profiting from any levels, add-on packs, sequels or other items based upon or related to the Software or Accompanying Materials. YOU ARE NOT PERMITTED TO REVERSE ENGINEER, DECOMPILE OR DISASSEMBLE THE SOFTWARE OR ACCOMPANYING MATERIALS IN ANY WAY. ANY COPYING OF THE SOFTWARE OR ACCOMPANYING MATERIALS NOT SPECIFICALLY ALLOWED IN THIS AGREEMENT IS A VIOLATION OF THIS AGREEMENT.

Limited Warranty. Owner warrants that the original Storage Media holding the Software is free from defects in materials and workmanship under normal use and service for a period of ninety (90) days from the date of purchase as evidenced by Your receipt. If for any reason You find defects in the Storage Media, or if you are unable to install the Software on your home or portable computer, You may return the Software and all Accompanying Materials to the place You obtained it for a full refund. This limited warranty does not apply if You have damaged the Software by accident or abuse.

Customer's Remedy. Your exclusive remedies, and the entire liability of Owner, shall be (i) replacement of any original Storage Media with the Software or (ii) full refund of the price paid for this Software. By opening the sealed software packaging, installing and/or otherwise using the Software or Accompanying Materials, you hereby agree to waive any and all other remedies you may have at law or in equity. Any such remedies you may not waive as a matter of public policy, you hereby assign, or shall assign as they become available, over to Owner.

ANY IMPLIED WARRANTIES THAT MAY BE IMPOSED BY APPLICABLE LAW ARE LIMITED IN ALL RESPECTS TO THE FULLEST EXTENT ALLOWED AND TO THE DURATION OF THE LIMITED WARRANTY.
